By Humphreys and Partners Architects, L.P.

HPA & Habitat for Humanity "Team Build" Day

Dallas, TX (April 20, 2005) - On Saturday, April 18, the Dallas office of Humphreys & Partners Architects participated in a Dallas Area Habitat for Humanity "Team Build" Day. HPA entered into a cooperative effort with the local Habitat for Humanity organization for the purpose of providing decent housing for a family qualified through Habitat's selection process. Our monetary donation and the voluntary effort of HPA's Dallas employees helped in the on-going effort to build communities of hope, dignity and self-worth through the construction of quality, affordable housing and the nurture of decent, safe neighborhoods.

HPA's employees gave up their Saturday to help Habitat for Humanity with the construction of a new home in a South Fair Park neighborhood. Dallas Habitat's program is unique in its approach to resolving the community disintegration and low-cost housing crisis, in that it is largely a volunteer effort involving a broad base of concerned citizens.

HPA is looking forward to participating again next year in this worthwhile effort, and would like to express their thanks again to our employees and the Dallas Habitat for Humanity organization.

About Humphreys & Partners Architects

Founded in 1991, Humphreys & Partners Architects is a nationally recognized, full-service architectural firm headquartered in Dallas, with regional offices in Orlando, Las Vegas, Charlotte, Irvine, California and Norfolk, Virginia. The company has a staff of close to 100 architects, designers and land planners. Humphreys & Partners offers innovative multifamily design services to developers, including design solutions for high-rise, mid-rise, mixed-use, luxury, senior, student housing, and affordable housing ? both rental and for-sale ? in markets across the country.

The firm has been the recipient of numerous national and local awards, including Pillars of the Industry, Best in American Living, Builder's Choice, Gold Nugget, the Aurora Award and the Platinum People's Choice Award.
